The School of Electrical Engineering and Telecommunications is offering initial **seed funding** to support an exciting new project of your choice run by a committed group of students.

**Guidelines:**
- Any project related to EE&T will be considered
- Must be student-run
  - Some staff support may be available
- Group size: 4-8 people
  - Can include current students from any year
- Projects will be evaluated according to ambition of the vision, feasibility, careful planning, novelty

**How to apply:**
- Develop your group’s project pitch (max 5 pages)
  - Including names, proposed project, novelty/benefit, initial budget and initial plan (e.g. for first 6-12 months). Detailed guidelines available on request
  - Submit to j.epps@unsw.edu.au by **Week 3 Session 2**
- Present it to a panel of staff
  - Some time during early S2 to be advised
  - Further funding may be available in later years, subject to progress
